

# IMER KOINE 35

## Standard Equipment

- Electric diaphragm compressor
- Self-priming water pump
- Bag breaker grid
- Mixer gear motor
- Feeding wheel gear motor
- ECO-STAR stator and screw
- Control panel with inverter
- Material delivery pressure gauge
- Water system with flow meter
- 4 castors (1 with brake)
- Spray nozzle
- 20 m electric cable with 16 A plug
- 20 m water hose
- 15 m material hose Ø 25 with cam couplings
- 16 m air hose Ø 13 with Geka couplings
- Accessory box
- Material hose washing sponge
- Scraper
- Remote pneumatic control

## Optional Accessories

- Wide helicoidal mixing paddle
- Turbomixer
- Hood for supply from silo
